Physical Activity and Public Health: A Postgraduate Course on Research Directions & Strategies

PREVENTION CENTER SCHOOL OF PUBLIC HEALTH UNIVERSITY OF SOUTH CAROLINA

September 16-23, 1997

Sea Pines Resort
Hilton Head Island, SC

The 8-day course is directed primarily at postdoctoral personnel and is designed to develop research competencies related to physical activity and public health. Space is limited. Application deadline is May 16, 1997. A panel of leading researchers on physical activity and public health will make up the faculty for the course. If you would like a brochure please contact:

USC School of Public Health
Columbia, SC, 29208
Phone: (803) 777-7291  FAX: (803) 777-8422

Summer Short Courses in Philadelphia

SURVIVAL ANALYSIS
July 14-18  July 28-August 1

CATEGORICAL DATA ANALYSIS
July 21-25

Instructor: Paul D. Allison, Prof. of Sociology at the U. of Penn. Author of Survival Analysis Using the SAS® System: A Practical Guide

Fee is $800 for each course.
SOCIETY FOR EPIDEMIOLOGIC RESEARCH

Call for Abstracts: SER Late-Breaker Session

SER will have a Late-Breaker Session at the 30th Annual Meeting to be held June 12-14, 1997, in Edmonton, Alberta, Canada. This will provide a forum for presentations of investigations, analysis, or methods that have been conceived, conducted, and/or completed so recently that authors could not meet the deadline for regular abstract submission (January 31, 1997).

Abstracts submitted for consideration must be 260 words or less including the title, authors’ names and institutions, and are requested in three forms:

1) On a 3.5” diskette using WordPerfect 5.1. or WordPerfect for Windows
   Single space the document and use Times 10 point [This is an example of Times 10 point type!!!]. Include title, authors, institution, and presenter’s phone number. Identify presenter with an asterisk. Label the diskette clearly. If you submit multiple abstracts, be sure to put only one abstract per diskette.

2) One double spaced typed copy on 8 1/2 X 11” paper with at least 1 inch margins on all sides. Include title, authors, institution, and presenter’s phone number. Identify presenter with an asterisk.

3) Three blinded double spaced typed copies of the abstract on 8 1/2 X 11” paper with at least 1 inch margins on all sides. Include title only with no indication of authors, institution, or telephone numbers. This form will be used for scoring by reviewers.

General Rules: No figures or tables in the abstract; use “the authors” rather than “we”; avoid acronyms; spell out abbreviations (including OR or RR) the first time you use them; if you calculate confidence intervals, specify whether they are 90%, 95%, etc.

Enclose a self-addressed stamped envelope to receive information about acceptance of your abstract.

Send to:

Polly A. Marchbanks, PhD
Centers for Disease Control (Mailstop K34)
1600 Clifton Road
Atlanta, Georgia 30333
(770) 488-5250

Abstracts must be received by April 7, 1997. Decisions will be made by April 28, 1997. No facsimiles will be accepted.
