The Johns Hopkins Bloomberg School of Public Health
Department of Epidemiology
Center for Clinical Trials

Assistant or Associate Professor of Epidemiology

The Center for Clinical Trials, Department of Epidemiology, Johns Hopkins Bloomberg School of Public Health seeks candidates for a tenure-track position as an Assistant or Associate Professor in the broad area of clinical trials. The aim of the Center is to guide and inspire research, scholarship, and other intellectual engagement in the area of clinical trials and evidence-based health care. Center faculty, students and staff are actively engaged in the generation of primary studies and research synthesis to inform comparative effectiveness evaluations. The successful candidate will be part of a collaborative group involving the Schools of Public Health and Medicine.

The Center for Clinical Trials has served as home for many important, multicenter randomized trials and is also the home for the United States Cochrane Center. The clinical trials concentration within the Department of Epidemiology’s graduate curriculum, and the National Eye Institute clinical trials training grant, serve to attract high quality students who work closely with faculty mentors. The Department of Epidemiology is one of the oldest and largest departments of epidemiology in the world, with over 200 doctoral and master’s students and a diverse research program directed by 80+ faculty.

Principal selection criteria are potential for and demonstrated excellence in independent and collaborative research related to clinical trials and systematic reviews. The Center oversees a strong educational program in clinical trials and comparative effectiveness research and the successful candidate will share a commitment to these academic responsibilities. Applicants should have doctoral training in a relevant discipline and research experience.

The search will remain open until the position is filled. However, applications received by October 15, 2010 will be included in the initial review. To apply, send a cover letter, curriculum vitae and names of three references electronically to: rbgray@jhsph.edu.
